

I am writing as a listener and supporter of K-LOVE Radio station. I have listened to K-LOVE for many years and find that it is the only station which provides the Christian music and format that I enjoy. I understand that if you expand the LPFM stations it may affect our ability to receive K-LOVE. K-LOVE provides our community with great Christian music, news, and inspirational messages that would be sorely missed by many. In a society ruled by profit, K-LOVE as a nonprofit station is free to broadcast messages that are uplifting for many of us, even if they are not always the popular views or beliefs of secular society.
